REAL ESTATE NEWS.

PROMINENT CHICAGO CAPITALISTS SWALLOWS GOV. FRANCIS AND HIS SYNDICATE

The Lake Side Hustlers Put \$247,500 Into East St. Louis Realty. While the Missourians Take a Profit of \$67,500 on the Ames Tract—D. B. Brennan, the Sisters of St. Joseph, the Puritan Realty Co., Frank O'Hear and Other Agents Make Good Sales Also.

A syndicate of prominent business and professional men of Chicago, including the ex-Mayor of that city, have swooped down upon the Governor of Missouri and cleaned him and a party of his devoted friends out of 450 acres of property in East St. Louis, and that they will make things buzz with electric roads and industries at the other end of the great Eads bridge does not admit of a doubt, for they have made an investment there of \$247,500, and intend to make money, which they surely will do in the venture, as there is no town in the country of the size which has greater advantages in railroads, river and established manufactures and varied industrial interests to maintain its prosperity. The property these Chicagoans have purchased is the well-known Ames tract, which was bought from McCasland & Guignon and Joseph T. Donavan on the 24th of May last, in the name of Robert A. Woods, a local syndicate composed of Gov. D. Francis, John A. Ferris, Charles G. Mifflin, Chas. McClure, John G. Frasher and L. G. McNeil, the consideration at that time being \$100,000. From this it appears that the Missouri parties will get a profit of \$67,500 to divide among themselves from the proceeds of the sale to the Chicago hustlers, who are well satisfied that they have much the best of the bargain, notwithstanding the fact that they paid \$350 an acre for ground which only cost the St. Louisans \$400 an acre a little over two months ago. The credit of making this deal is due to J. T. McCasland, who went to Chicago and remained there until he organized the syndicate, purchased the company and sent men as G. H. Barr, a leading real estate operator; Chas. N. Loucks, another prominent real estate man of Chicago; Wm. W. Kress, a well-known mining and smelting operator and a real estate dealer also; J. R. Wickensham, the well-known real estate operator; N. G. Kress, a prominent lawyer and A. L. Kress, a prominent lawyer now pushing a bill at Washington, D. C. in favor of Diamond Jim Reynolds, a rail road magnate, to extend the railroads through the territories. The bill was vetoed by President Harrison, but the Missourians, Kressingham, Kress, Wickensham and the President's voter, other members of the syndicate are M. Schwabach, a prominent banker, favorably spoken of as a candidate for the Senate; Mr. C. C. Chapman, the last election; F. A. Hale, a real estate broker; Wm. Boidenbeck, ex-Mayor of Lake Forest, a prominent real estate operator, but now has a part of Chicago, and A. K. Gordon, another real estate operator. Mr. McCasland has not indicated in the press his stand, but it is safe to say that he is with the syndicate headed by John B. Chisholm and Secretary John H. Hick. In Pittsburgh an important meeting will be held and must be held, as the party will leave for Philadelphia, where they remain three days. Pittsburgh next day will stop at Johnstown. In Johnstown an important meeting will be held and must be held, as the party will then divide— one group visiting the copper mines of Lake Superior, while the other goes to the iron mines of the Lake Superior region. They will return to New York about November 1. Among the many noted names on the list are Mr. McCasland, Mr. Kress, Mr. Kressingham, Mr. Lowthian Bell, Barr, F. B. S. Low, Edward Cavendish, M. P.; Edward P. Martin, G. J. Sturte, F. R. S. John, S. M. Lord, Louis B. Kress, Wm. Kress, the famous banker, who bears his name, and A. L. and Frederick Siemens, nephews of the famous inventor.

On the opposite side of the Air Line road is Clearmont addition, comprising about 20,000 front feet, which McCasland & Guignon first put up the market in November last, and the committee has not sold a foot. Since then they have nearly closed it all out at prices running as high as \$20 a foot. The Air Line road is the main artery formed of the profit that is in store for the late purchasers of the Ames tract, as that property is equally as good as the one just sold. Putting the retail price at the extraordinary low figure of \$5 a foot a 100,000 front feet would give the present owners a profit of \$500,000, which is very likely to get an offer of that much for it in a very short time.

SOLD FIVE STONE FRONT.

D. B. BRENNAN, who has the sale of five of his Bayard avenue stone front dwellings in Albert place to as many different parties for \$10,000. The houses are new stone front of three rooms, each having a bath and electric lights and each of them occupy 30x10 feet of ground. The price paid \$10,000 a piece, very cheap, and the present price is grading along Bayard avenue with a view to its full improvement next year, and the property is in the proximity of rapid incorporation. The Bayard avenue branch of the Lindell electric road being within 300 feet, and the Delmar avenue branch within 100 feet, and the distance south. In addition to this there is the Narrow Gauge road running about midway between other two. The distance from the house to the Union Pacific is about 1000 feet. The house which Mr. Brennan's houses are Miss Rose Graham, who took No. 1124 for an investment. John H. Hogan, who bought No. 1122 for \$10,000, and Mr. J. P. Andrews, who purchased No. 1142 for investment, and J. P. Reynolds, who bought No. 1144 for a home place.

Mr. Brennan sold in addition to these houses, a lot of 20x13 feet situated on the corner of Bayard and Albert place, between street and Jefferson avenue, at \$47.50 a foot from Pat Walsh to J. H. Green. Ground in that location has advanced fully 20 per cent during the past year.

THE SISTERS OF ST. JOSEPH SELL.

The demand for western suburban acre property has enabled the Sisters of St. Joseph to do a large amount of real estate. A 100x100 foot, situated west of Forest Park, south of the St. Louis, Kansas City & Colorado railway, and west of the Manly road. That is about one mile west of the Culver house. It is a fine piece of ground, and the Sisters have a large number of buildings on it.

NINETY-NINE YEAR LEASE.

A fine new year lease of the premises fronting on the corner of 12th and Olive street by a depth of 100 extending east from the northeast corner of Seventh street from Ben Franklin to 12th, to be paid \$1000 a year, and was formerly known as the Prouette property, and contains \$50-100 acres. The sisters have an orphan asylum at Sixteenth street and Clark, and a convent at Cass and South St. Louis, and they acquired this Prouette ground some time ago at a figure which effected a large amount of money, and sold it at \$17,000, nearly \$300 an acre. The purchaser is J. Brooks Johnson, and it is said that although he has not got a deed to the property, he has already received an offer of \$25,000 for it.

NOT DEAD.

The Strange Case of Mr. Miller—Arkansas Atoms.

TEXARKANA, Aug. 1.—C. L. Miller of Conway, Ark., was supposed to have died Wednesday night from injuries received in the Missouri Pacific yards here. He was removed to an undertaker's room, where signs of life were discovered. A doctor was summoned and Mr. Miller is not yet a dead recoverer.

OTHER SALES.

Lohmeyer & Storn sold for A. T. Rorier a lot of 60x200 feet on the north line of Cabanne place, next to Wm. McNeil's residence place, between 12th and 13th, and 10th and 11th, at \$25 a foot. They also report the sale of 20x100 feet of ground on Kentucky avenue, 215 feet east of the New Market road, front for 4000 feet, and 1000 feet deep, for \$1000. Farrar & Tate sold 1,000 feet of ground in detached parcels in Farrar's addition, front

on Palis, Branch, Buchanan, Thirteenth, Fourteenth and Fifteenth streets and Blair avenue, for \$27,245, to Louis Gauer.

Capt. Theo. T. Turner and Robert N. Neenan have both returned home.

\$20.00 to Boston and Return.

The Ohio & Mississippi Ry. will sell tickets from St. Louis to Boston and return, good going August 8, 9 and 10, and returning until September 30, at the low rate of \$20.00. Corresponding reductions from all points west.

Ask for tickets via the Ohio & Mississippi Ry., for sale at 103 North Broadway and Union Depot, St. Louis, Mo., and at offices of connecting lines.

THE STEEL AND IRON MEN.

Preparations for the Great Convention to be held in the Fall.

NEW YORK, Aug. 1.—Preparations for the great convention of steel manufacturers are nearly completed, and by October 1 at least our hundred foreigners, including the principal engineers and metallurgists of England, France, Germany and Spain, will be present in New York. The plan of holding such a convention was adopted in the iron trade. The first decisive steps taken in that direction, however, were last year when 200 iron and steel manufacturers visited England and Scotland, and a large number of foreign manufacturers extended to them their trip were such that they decided it would only profit them to have many more received at the hands of their foreign friends. Accordingly the Council of the American Institute of Mining Engineers, American Society of Civil Engineers, the American Society of Mechanical Engineers and the American Society of Iron Workers, extended an invitation to the iron and steel institute of Great Britain to meet in this country. The Verhandlungen Deutscher Eisenhüttenleute were held in Berlin, the most prominent individual metallurgists of France and Spain, Committee on the success of the under-takings.

The chief committee has for its Chairman Andrew Carnegie and for Secretary the Hon. George F. Johnson, of the New York Stock Exchange.

Woodrow, a local syndicate composed of Gov. D. Francis, John A. Ferris, Charles G. Mifflin, Chas. McClure, John G. Frasher and L. G. McNeil, the consideration at that time being \$100,000. From this it appears that the Missouri parties will get a profit of \$67,500 to divide among themselves from the proceeds of the sale to the Chicago hustlers, who are well satisfied that they have much the best of the bargain, notwithstanding the fact that they paid \$350 an acre for ground which only cost the St. Louisans \$400 an acre a little over two months ago. NO PAY, NO REPRESENTATION.

The result will be, according to his plan, that the candidate who fails to pay up at the required time will be dropped from the list and get no representation at the primaries.

Mr. Barrett insists that the money to be expended for the primaries and the convention be raised by the people.

He favors the organization be carried on by the members of the convention.

He is a member of the Democratic party.

NEWS OF THE CHURCHES.

THE INTEREST IN CAMP MARVIN SERVICES
ON THE INCREASE

Opening of the Third Annual Session of the
Plaza Bluff Chautauqua Assembly—A
Successful Meeting Promised—The Vac-
ation Season Among the Pastors and the
Result—Religious Matters.

REFRESHING breeze from the West made it very pleasant at the Marvin camp-meeting yesterday. The attendance showed an increase over that of preceding days, and the services were of an earnest nature. As the early services were conducted by Rev. J. H. Brindell presided and selected the 145th Psalm for the subject of discussion. At 11 o'clock Rev. J. F. Goldinan of Washington, Mo., preached a very able sermon on earnestness, his text being "Whatever thy hand findeth to do, do it with all thy might."

At 3 o'clock Mrs. Dr. G. L. Smith of Kirkwood, President of the Woman's Missionary Society, took charge of the meeting, and Mrs. Dr. Matthews read the twenty-eighth chapter of Matthew after which Dr. Massick led in prayer. Mrs. Dr. Matthews was called on for an address upon the missionary work at the Centenary Church, and Mrs. Avis of St. John's followed with a very able address on the work at her church.

After an address by Dr. Matthews, Rev. Felix H. Hill spoke on behalf of the Woman's Training School, for the establishment of which money is now being raised. The amount at present collected is \$12,000 and \$18,000 more is required. A large sum was collected among the audience on behalf of the fund, and it was decided to appeal to all the missionary societies in the St. Louis Conference for assistance.

At the evening service Rev. Dr. John Mathews preached, his text being: "Therefore shall ye lay up these words in your hearts and in your souls; and you shall tell them to your children, and speak of them when you sit in thine house, and when thou walkest by the way and when thou liest down and when thou risest up."

Plaza Bluff Meeting.

The third annual session of the Plaza Bluff Chautauqua Assembly opened last evening with devout services. The attendance was good and it promises to remain so throughout the meeting. There is a stronger air of permanence than heretofore. Substantial frame cottages are taking the place of tents, and extensive improvements have been made on all the grounds.

The following are the officers of the assembly:

President, R. St. James Fry, D. D., editor of the *Central Christian Advocate*; First Vice-President, Rev. J. W. Phillips of the M. E. Church, Cairo, Ill.; Second Vice-President, Rev. Dr. P. C. L. A. A. of the First Congregational Church, St. Louis; Treasurer, J. G. Field, Esq., of St. Louis; Superintendent of Grounds, Rev. J. A. Scarratt of Alton, Ill.

The directors of the assembly have chartered the steamer Alma to plow between Alton and St. Louis, and the services will be held on board the steamer, and the pastor will desire to attend the services. The meeting will last for three weeks, and will be conducted by the most prominent Methodists and Congregationalists in the West.

The services and lecture to-morrow will be conducted by Rev. G. W. Hughey, D. D., of Springfield, Ill.

Rev. Dr. Madsen, pastor of Union M. E. Church, has a handsome cottage on the bluffs a short distance down the river from the church, and the services will be held in a meeting room in a tattered old house in a section of the city. Dr. Madsen is to deliver a lecture at the assembly.

A Dull Church Season.

This appears to be an extremely dull period in a year in Protestant church circles. A large number of the religious visitors are away on their vacation, and but few of them will return before next month. Most of the churches, however, are supplied with ministers, so that services can be conducted for the benefit of those members who attend the hot weather at home.

The headquarters of the different denominations have been practically deserted for a number of weeks, and the pastor of the church having been disengaged for the months of July and August. The Evangelical Alliance will not resume its meetings until next month.

A Moonlight Excursion.

The managers of the Woman's Christian Home and the Woman's Training School will give a moonlight excursion to moonlight evening on board the steamer Oliver Birne, for the benefit of the home. The good ladies will prepare a quantity of delicious refreshments and a band will be on board to entertain. The boat leaves at 6 o'clock. Tickets can be obtained at Balmor & Weber's music store.

Religious Notes.

Rev. J. W. Ford of the Second Baptist Church gave a good sermon on the subject of "Faith." Father Tolton will go to Philadelphia shortly to visit Archbishop Ryan.

Rev. W. H. Williams of the Central Baptist is attending the Saylor Springs (Ill.) Assembly. Father Tolton, pastor of the Holy Name Church, is enjoying the cool breezes of Washington, D. C.

The feast of St. Alphonsus will be celebrated to-morrow at the Holy Trinity Catholic Church.

Rev. E. Kirby of Delmar Avenue Church has left for a four weeks' visit to Kentucky.

The Sisters of St. Joseph in Carondelet have a retreat at their convent, to last two weeks.

Father Hayes of St. Patrick's has gone to Baltimore to visit his sister, who is a Sister of Charity in that city.

St. Joseph's conference of the St. Vincent De Paul Society had an excursion last night to the Grand Republic.

Rev. J. W. Allen of the Presbyterian Publication Society has gone to the seashore with his wife to spend a month.

The annual meeting of the Council of the Y. M. S. of St. Michael's Church will be held at the hall, Tenth and Clinton streets.

Next Sunday morning, at 6:30 o'clock mass, the Young Catholic Soda Water Michael's a new soda water will be served, and the same will be applied, holy communion in the body.

Rev. Wm. Johnson, pastor of Central Union Church, Eleventh and Locust streets, will preach from his trip to the seashore on Sunday, and will preach morning and even-

GIVEN A HEARTY WELCOME.

The Officers of the British Squadron at Newport, R. I., Aug. 1.—Her Majesty's ship *Beauchamp*, flying the Vice-Admiral's flag, and the cruisers *Canada* and *Partridge* cast anchor outside the torpedo station Wednesday morning, there to remain until Wednesday next. The people flocked to the wharves, for it is nearly a century since so many British men-of-war have been in the harbor at one time, and on the last occasion the Yankees and English did not get along very well.

Rev. Dr. E. L. Hess, Rabbi of St. Paul, Minn., will, by invitation, preach tomorrow morning at the First Congregational Church.

Rev. Dr. G. Brank of the Central Presbyterian Church has gone to the Northern lakes to take a much needed rest. His pupil will return to Ward's Island during his absence by Rev. A. V. Taylor.

Rev. Dr. Hamilton, pastor of a Presbyterian church at Wichita, Kan., who has been visiting the city, was here yesterday and will be with us for a few days since the death of the wife of one of his elders.

Rev. Dr. Cannon, rector of Grand Avenue Church, Twenty-third and Pine streets, will be here on Saturday morning and evening on "The Doctrines of Islam and Modern Times." Young men are especially invited to these services.

The excursion given last evening on the boat *City of St. Louis* was a grand success. A pleasant feature of the excursion was the organ and chorus singing of the society members.

Rev. E. T. Colman will preach Sunday morning at Emmanuel Reformed Episcopal Church, Twenty-third and Pine streets, on "The Origin of Human Superstition."

The sacrament of the Lord's supper will be administered after the morning service.

A Bonn to the City.

The race matinees at the Fair Grounds are a boon to St. Louis, not only as offering the great amusement of five splendid races each afternoon to the people, but also as gathering 600 horses and as many men to spend money with our comrades. Five races a day, admission 50 cents. Ladies with escorts free.
